

## August Newsletter

### Infant/Toddlers

The end of summer is approaching and we will soon be welcoming the start of a new school year.

For the first week of August our theme is “camping”. We will make a campfire with hand prints, and make tents using fabric and paper towel rolls. Children will also explore in a tent in our dramatic play area.

For the second week our theme will be “rainforest”. We will focus on weather and different creatures found in the rainforest. We will discuss the different names of creatures and where they live in the rainforest. Children will create spider monkeys on vines and so much more.

The third week of August our theme will be “space”. We will talk about the moon, stars and astronauts. Children will make astronauts on the moon using foam paint and circles. We will also read several books on space and look at pictures to help toddlers gain a concept of space.

For the last week of August we will be transitioning back into our academic school year. We will color a school bus, make an apple print painting and create a various shape collage.

Thank you,

**Parent tip- Don't expect your toddler to sit still long for a book. Toddlers need to move, so don't worry if they act out during stories, romp, or tumble as you read to them. They may be moving, but they are listening.**
