

Kids Kingdom

January Newsletter for After School Program

Happy New Year !! We are at the start of a brand new year and as always, we have fun and exciting things planned for the children. But first.....**A few reminders**..... We still go outside when possible, so please make sure that your child has a warm coat, hat, gloves and boots.

Homework club still runs from 3:30p to 4p daily. Should you have a concern or questions, please contact Ms. Tiffany at Arlington and Ms. Candy at Kid's Kingdom so that they can address it.

Please note: Kid's Kingdom will be closed in celebration of New Years In January Martin Luther King Day, public schools will be closed but Kids Kingdom will be OPEN.

Fridays continue to be special days when toys from home will be allowed and the game side will be opened.

As for the special activities for this month:

The first week will be about my body and the 5 senses. We will be exploring the sense of taste, doing a scratch and sniff test and drawing with a blindfold on. Our science project will be making playdoh.

The second week will be about polar and arctic animals. We will learn facts about polar bears, snowy owls and foxes and make some fun crafts to go along with this theme.

The third week will be devoted to Dr. Martin Luther King Jr. and his beliefs of fairness and equality. We will discuss diversity and how we are all the same on the inside. We will be making a Freedom Bell, a dream cloud and a peace sign.

The final week will be about snow, snowmen and the fun things we can do in the snow. Some of our projects will be snowmen mobiles, clothespin snowmen and our fun science project of making snowflakes!. Should be an interesting experiment!

I want to wish everyone a healthy and prosperous New Year!!
