March Newsletter for Afterschool Program

Welcome to March! Like the saying goes..."March comes in like a lion, goes out like a lamb". We are hoping for some nice warm weather to come our way by the end of this month. Parents, please remember to dress your child according to the weather. Children that walk to school need boots and umbrellas in the rainy weather.

*** Homework club continues daily after school from 3:30 to 4 pm. Any concerns should be brought to the attention of the teachers.*** We will also be starting a math club this month. We are very excited!

Dr. Seuss' birthday is Saturday, March 2nd . Don't forget to wish him a Happy Birthday!

The first week of the month we will be talking about weather. We will make paper plate rainbow, cloud craft and wind sock. Our fun science project will be to make a tornado in a jar!

The second week we will celebrate St. Patrick's Day. We will make puffy paint shamrocks, a St. Patrick's day rainbow craft and a leprechaun mask! Our science project will be..... Green playdoh! Don't forget to wear your green!

The third week we will celebrate the coming of spring. We will make Q tip daisies, tissue paper butterflies and will plant seeds. For our weekly science project, we will be using shaving cream for some fun activities.

The last week of the month we will be talking about farm animals and things that happen on the farm in the springtime!

As always, Fridays are special days where toys from home are allowed and we get to watch a movie and have a special snack!

We want to wish all our families a happy St. Patrick's Day!!
