Our math/science goal for this month will be to recognize all numbers to 30 and to explore the characteristics of objects. Our language/literacy goal will be to understand and follow appropriate social conversation skills. Our physical health goal will be how to stay safe and avoid dangerous situations. Our creative arts goal will be to appreciate the arts. Our social/emotional goal will be to become aware that they are unique individuals. Our social studies goal will be to understand time. Our cognitive goal will be to learn to adapt to changes.

The first week of the month will focus on Graduation. We will be practicing our songs, getting ready for the big day, discussing moving on to Kindergarten and making some special crafts. These will include autograph books, friendship bracelets and more. We will also make cloud dough to play with!

The second week will focus on the special men in our lives. We will be making some "special " things for that special person. We can't tell you what but you will be pleasantly surprised. We will also be making play dough to mold and create with.

Our last week of school will focus on summer sports. We will be making crafts such as baseball bat and ball, paper plate beach ball, a favorite team pennant and a paper plate frisbee. We will spend our last day together as a class playing games.

Now it is time to say goodbye to our friends and transition downstairs to the summer program. We want to wish the best of luck to all of our Pre K children going off to Full Day Kindergarten. You made it!!!!!! It will be sad to see you go, but you have learned so much at Kids Kingdom, you will do great in school!! Have a wonderful summer and see you soon.
